PACTS

PARLIAMENTARY
ADVISORY COUNCIL
FOR TRANSPORT SAFETY

Prepare your Vehicle

- Lights are clean and working
- Battery is fully charged.
- Washer bottle fluids are topped up
- Tyres are in road worthy condition
- Oil is checked and if need be, topped up.
- Correct level of antifreeze & brake fluid levels.

What to carry with you in your vehicle.

- Tow rope
- A shovel / ice scraper
- De – icer (s)
- A working torch
- Blanket
- Emergency food – biscuits, sweets , hot drink but no alcohol
- Mobile phone + in car charger
- Reliable Sat - Nav

Driving in adverse weather conditions.

- Reduce your speed. The chances of skidding are much greater, your stopping distance will increase greatly.
- Skids are usually down to driver errors.
- Drive at a speed at which you can stop within the distance you can see to be clear. (Highway code rule 126)
- Avoid harsh braking, acceleration or sharp steering.
- Always reduce your speed smoothly and in plenty of time on slippery surfaces.
- To brake on ice or snow, get into a lower gear earlier than normal, allowing your speed to fall, then brake gently.

When was the last time you had a driving assessment?

As and advanced driver you are a much safer driver.

Benefits to you are:

- Reduced fuel consumption as you know about Eco-driving
- This in turn cuts down on your wear and tear.
- Less risk of being involved in a RTC (Road traffic collision)
- Reduced insurance premiums up to 20% saving with some Insurance companies.

Thank You and drive safely.
